RE: SCT&E LNG LLC dba Monkey Island LNG
DOE Semi-Annual Report
DOE/FE Order No. 3566, FE Docket No. 14-89-LNG

Pursuant to Ordering Paragraph J of the above-referenced DOE/FE Order, please accept this progress report for SCT&E LNG, LLC ("SCT&E LNG"). This report covers the period from October 1, 2018 to March 31, 2019. Consistent with Ordering Paragraph J, Monkey Island LNG will continue to file semi-annual reports with the Department of Energy.

Any questions regarding this correspondence may be directed to Stephanie Moreau at 713.893.1586 or stephanie.m@mkyisland.com.

Best Regards,

A handwritten signature in blue ink, appearing to read 'Greg Michaels', is written over a large, light blue circular watermark containing a stylized 'M'.

SCT&E LNG, LLC FE
dba Monkey Island LNG
Docket No. 14-89-LNG
DOE/FE Order No. 3566
Semi-Annual Report
Period Ending March 31, 2019

Progress of the Proposed Monkey Island LNG Terminal

1. SCT&E LNG continues to formally do business as Monkey Island LNG (“MILNG”).
2. MILNG has been engaged with multiple institutional equity investors, which includes due diligence reviews, in-depth meetings, and negotiations.
3. MILNG completed additional engineering feasibility studies.
4. MILNG continues to engage in advanced negotiations with investment grade offtakers.

Date the Project is Expected to be Operational

MILNG anticipates that, following the completion of the FERC and DOE approval process, it will begin construction of the LNG export facility and full operations of the facility will begin in 2025.

Status of Long-term Offtake Agreements

MILNG has signed 5.7 mtpa in offtake reservations. Contract negotiations for long-term offtake agreements continue to progress. MILNG is in negotiations with potential counterparties for tolling capacity at its future liquefaction and export facility on Monkey Island.

Status of Long-term Supply Agreements

MILNG has engaged multiple upstream/natural gas suppliers. Additionally, MILNG has also signed a Memorandum of Understanding (MOU) for pipeline access to support the natural gas supply required for the MILNG facility.
